

Contact Vanessa Lacy to create an artwork that will be a one of a kind. She specializes in 3 types of commissions: maps, portraits, and landmarks. She has painted maps from aerial views of farms, journeys, and global maps for the world traveler. If there is a special place you have in mind, She can paint a beautiful map of it.

People have emotional connections to landmarks. Say you proposed to your fiancée at the Kauffman Center, a painting of that landmark or neighborhood would make the perfect anniversary present. She will also paint portraits of pets and people but will add a \$100 per person fee for group portraits because faces and likenesses pose an extra challenge. She charges 50% upfront and 50% at completion of the painting.

Contact Vanessa for a commissioned piece at least a month in advance if gifting it. This ensures that she has adequate time to do her best work and gives the painting at least one week to dry.

Email contact@vanessalacygallery.com or call 816-535-1598 for pricing and to order a commissioned piece.
